Back To School

In the coming days and weeks, our young people will be heading back to schools all over our area and our college kids will be leaving to start fall semester. One of the hard things about the summer is that it just doesn't seem long enough.

As our young people head back to school, I hope they know that they are often in our prayers. While we may not fully understand every temptation and stress they each face, we can at least acknowledge that things aren't always easy for a Christian.

Young people, please remember these three things as you go back to the halls of education:

1. **Whose You Are.** "You were bought with a price" (1 Corinthians 6:20). That "price" was the precious blood of Jesus that saved you from your sin. As Paul wrote, "you are not your own" (v. 19). Remember that you belong to the Lord.
2. **Why You are Whose You Are.** You have shown this summer that you love the Lord, but you love Him because He first loved you (1 John 4:19). Don't forget the love of God and what that love did for you, even when you are facing great stress and temptation.
3. **Christ Understands.** The Hebrews writer teaches us that Jesus can "sympathize with our weaknesses" because He was tempted, too (Hebrews 4:15). Take your troubles to Him and let Him walk with you.

We love you and pray that you will let your light shine in your school.

A PUZZLING PARAGRAPH

There are 29 books of the Bible in this paragraph. Can you find them? This is a most remarkable puzzle. It was found by a gentleman in an airplane seat pocket, on a flight from Los Angeles to Honolulu, keeping him occupied for hours. He enjoyed it so much, he passed it on to some friends. One friend from Illinois worked on this while fishing from his john boat. Another friend studied it while playing his banjo. Elaine Taylor, a columnist friend, was so intrigued by it she mentioned it in her weekly newspaper column. Another friend judges the job of solving this puzzle so involving, she brews a cup of tea to help her nerves. There will be some names that are really easy to spot. That's a fact. Some people, however, will soon find themselves in a jam, especially since the book names are not necessarily capitalized. Truthfully, from answers we get, we are forced to admit it usually takes a minister or a scholar to see some of them at the worst. Research has shown that something in our genes is responsible for the difficulty we have in seeing the books in this paragraph. During a recent fund raising event, which featured this puzzle, the Alpha Delta Phi lemonade booth set a new record. The local paper, The Chronicle, surveyed over 200 patrons who reported that this puzzle was one of the most difficult they had ever seen. As Daniel Humana humbly puts it, "The books are all right here in plain view hidden from sight." Those able to find all of them will hear great lamentations from those who have to be shown. One revelation that may help is that books like Timothy and Samuel may occur without their numbers. Also, keep in mind, that punctuation and spaces in the middle are normal. A chipper attitude will help you compete really well against those who claim to know the answers. Remember, there is no need for a mad exodus; there really are 29 books of the Bible lurking somewhere in this paragraph waiting to be found. God Bless.

A Puzzling Paragraph

Solution

There are 29 books of the Bible in this paragraph. Can you find them? This is **a most remarkable** puzzle. It was found by a gentleman in an airplane seat pocket, on a flight from Los Angeles to Honolulu, **keeping** him occupied for hours. He enjoyed it so much, he passed it on to some friends...One friend from Illinois worked on this while fishing from his **john** boat. Another friend studied it while playing his banjo, **Elaine** Taylor, a columnist friend, was so intrigued by it she mentioned it in her weekly newspaper column. Another friend **judges** the **job** of solving this puzzle so involving, **she brews** a cup of tea to help her nerves. **There** will be some names that are really easy to spot. That's a **fact**. Some people, however, will soon find themselves in a **jam**, especially since the book names are not necessarily capitalized. **Truthfully**, **from** answers we get, we are forced to admit **it** usually takes a minister or a scholar to see some of them **at the worst**. Research has shown that something in our **genes** is responsible for the difficulty we have in seeing the books in this paragraph. During a recent fund raising event, which featured this puzzle, the Alpha Delta **Phi lemonade** booth set a new record. The local paper, The **Chronicle**, surveyed over 200 patrons who reported that this puzzle was one of the most difficult they had ever seen. As **Daniel** Humana **humbly** puts it, "The books are all right here in plain view hidden from sight." **Those** able to find all of them will hear great **lamentations** from those who have to be shown. One **revelation** that may help is that books like **Timothy** and **Samuel** may occur without their **numbers**. Also, keep in mind, that punctuation and spaces in the middle are **normal**. **A chipper** attitude will help you **compete** really well against those who claim to know the answers. Remember, there is no need for a mad **exodus**, there really are 29 books of the Bible **lurking** somewhere in this paragraph waiting to be found. God Bless.
